THE MARRIED WOMAN'S ACT.

Fr. 29.—Cohen w. Theon and Charles.—Abraham
Lyen fermished a sum of mency to his daughter, the
wrife of one Swartz, for the purpose of enabling her to
termish and carry on a drinking salcon in the Bowery,
called the Club House, taking a mortgage back from the
daughter, upon the fixtures, &c., of the house, as secusity. The daughter and husband carried on business
and resided on the premises, the husband being the ostensible owner and proprietor. As such he purchased
of detendant, Charles obtained judgment against the
said Swartz, prior to which the mortgage from the wife
of Swarts to Lyon, halo been forcelosed and the properly
sold at anction, the plaintiff, Cohen, being the purchaser.
Fagon, a constable, and one of the defendants, scied this
property, by virtue of the execution issued upon the
indgment of Charles, and plaintiff, Cohen, replevted,
which is this acton, the property remaining in his hands.

There was cridence showing that Cohen paid \$800
fact appearing, defendants counsel, Messre. Ely and Britton meved for non-suit, on the ground that Cohen was
without title under this sale, made by virtue of a mortgage given by the wife, which was invalid, and also that
the husband was the ostensible owner, and was held out
to the public as such, and that their effects must go to
pay the creditors of the busines in any event. Motion
denied, and the Judge charged the jury that the rights of
married women were unsettled under the statute commency known as "the married woman's act," and that
although he was free to say that in his opinion the action
could not be sustained, the Court might differ with him,
and no damages having been proven, ordered a verdict
two plaintiff for nominal damages, subject to the opinion
of the Court at General Term, on a case to be made, and
that the jury assess the value of the property.

Marrine Court.

PURNISHING A HOUSE OF ILL PAME. MARCH 1 .- Taylor vs. Trainor .- This action is brought to recever \$500 damages for the unlawful taking of per-sonal property belonging to the plaintiff. From the tes-timony in the case the following facts appeared:—The timony in the case the following facts appeared:—The plaintiff is a Custom House broker, and some months age rented various articles of household furniture to a Mrs. Augusta M. Woodworth, who keeps, and has for a long time past kept, an assignation house in Mulberry street, is this city. This fact was known to Mr. Taylor. The defendant obtained a judgment against Mrs. Woodworth, imused an execution thereon, levied upon the furniture in question, which was sold by the Sheriff. Previous to the sale, Mr. Trainor executed to the officer a bond of indemnity.

the sale, Mr. Trainor executed to the efficier a bond of indemnity.

Thompson, J.—The contract between Mr. Taylor and
Mrs. Woodworth, by which the furniture was to be rented
for the purpose of furnishing a house of ill fame, is repugnant to law, to sound policy, and to good morals. It
was a stipulation for iniquitous purposes, and is, consequently, null and void. If Mrs. Woodworth was the desadant in this suit, and the plaintiff was proceeding
her for a recovery either of the rent or the value of the
furniture, he could not recover, for the reason
that as turpt contracts non critor actio. This abandoned
woman kept a house of ill repute, using this furniture in
the prosecution of the business in which she was engaged,
and from the profits of which she was enabled to pay the
smormous rent \$36 per month for the use of the property
leaned. The plaintiff permitted his furniture to be used
for a purpose reprobated by the laws of both God and
man. The consequence is he is denied a claim to the interference of a court of justice to award him the redress
he now seeks. He can recover his property neither from
Mrs. Woodworth nor from any person into whose possesshon it may pass. If men will ald by their means the
profligate of either six to pursue a course of iniquity,
they take the hazard not only of the loss of money, but
of personal liberty. Judgment for the defendant, with
costs.

FLATBUSH AVENUE EXTENSION.—Petitions are circulating about the city, praying the Common Council to units in Figure 1 the assent of the State Legislature to extend Flatthah avenue from its present termination at Fulton avenue to the junction of Sanda and Fulton attrets. The matter in the comment of the junction of Sanda and Fulton attrets. The improvement, if consumated, will be the greatest ever made in this city, and besides enhancing property in the cutakirts, (Ninth ward.) will open a direct communication in a straight line from Fulton and Main street ferries to the town of Flatbush. If carried out, the opening will require the demolition of several churches along the line, besides cutting diagonally through blocks of houses for the distance of half a mile or more. The buildings are, however, mainly of wood, and compared with other sections of the city of little value. Should the improvement be made, Fulton street will be ruined as a business theroughare.

Circular No. 1.—Office of the Duryee & Forwith Manufacturing Company, Rochester, N. X.

The Duryee & Forsyth Manufacturing Company are compelled, contrary to their custom, to lay before the public a few lasts. Statements calculated to missead the public, and thereby liqure the company in its business of making scales, have been industrously circulated through the newspapers by parties interested, and self defence and the cause of truth demand from as correction and denial of such statements. Se concepted by interested parties into other papers, of a test trial of scales of the Crystal Palace, in New York. If the allegations of the statement were true, we should pass them by unnoticed; but they are so wide of the tacts as to need correction. In speaking of the trial, as it is called, the language of the notice (er rather advertisement, for it is nothing else, under a very bin guise, viz. that of the editor's column is: "The test was been applied to Fairbanks' sca.e, and when the weight was placed on one corner of the platform, the beam indicated the true weight 3,398 lbs., and the second and third corners were the same; on the fourth corner a night variation was perceptible. So extremely delicate was the operation of 'Fairbanks' scale, (capacity six tons,) that a quarter of a pound placed on any part of the platform raised the beam." We are compelled to state that this is until certain the scale was a prepared and adjusted carefully with reference to the trial, and intended to be a model scale for that purpose. 2d. It required two pounds, either less or more, instead of one fourth pound, (a difference of eight times the alleged weight,) to raise the beam, as the variation was two pounds! Several days were spent before the trial in proving that cale preparatory to the test.
